

Staten Island Welcomes DAVID SEIFER, MD

GENESIS Fertility & Reproductive Medicine is pleased to announce the opening of our new office on Staten Island. We have been treating infertility, from the simplest to the most complex cases, for over 20 years. We can help you to overcome the following conditions:

- Unexplained infertility
- Disorders of ovulation
- Tubal blockage
- Premature menopause
- Male factor infertility
- Recurrent pregnancy loss
- Endometriosis
- Genetic disorders

For your convenience, services for infertility including initial consultation, office visits, ultrasounds and blood testing are provided at our Staten Island location. If you are trying to have a baby, we can help.

1855 Richmond Avenue • Staten Island, NY 10314
